

COASTERDIYPROJECT

Magnetic Closet Door

PROJECT TYPE

Hardware

DIFFICULTY

Moderate

THINGS NEEDED

Painter's Tape

Magnetic Door Paint

Chalkboard Paint

Paint brush (2)

1

Measure magnetic board area, then mask the area with painter's tape.

2

Mix paint before using and stir occasionally to keep the iron in the paint from settling.

3

Use brush to apply paint, then go over coat of paint using a feathering technique, brushing from side-to-side, then top-to-bottom. Apply at least two coats.

4

Measure chalkboard area, then mask the area with painter's tape.

5

Apply paint with medium-sized brush and use the same feathering technique as used for the magnetic door.
