• The finish will not peel from the leather.
• The finish will not show excessive cracks other than normal wrinkles from stretching.
• Natural markings such as scars, brands, grain variation, wrinkles, etc., will be considered normal characteristics and not construed as defects. Every hide has its own natural characteristics and no two are the same, so color variations may occur.

  a. Do not use bleach, oily substances or strong detergent (including laundry detergents).
  b. Keep ink, fluids, body oils, chemicals and sharp objects away from upholstery.
  c. Exposure of leather to sunlight or extreme light sources may cause fading and damage.
  d. Do not use any heat lamps or hair dryers on the leather.
Visit www.coastercompany.com/warranty for more details.

Recommended Leather Cleaning Method
If necessary, clean immediately with mild soap (non-concentrated) diluted in lukewarm distilled or purified water on a soft clean towel. Always try to clean in a small hidden area first. This cleaning method is recommended for corrected leathers, not for natural grades of leather. For oil, grease, or stubborn stains consult a professional leather care company.
