*Adds depth & luxury to the room.*

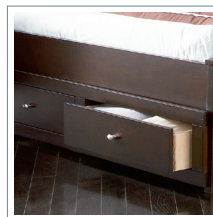

### STURDY CONSTRUCTION

Coaster's night stands, dressers and chests offer the strength and durability you need for long-lasting furniture. Most drawers are equipped with dove tail corners and full extension glides giving it a sturdiness you can count on.

### SAFETY FIRST

Here at Coaster we think of your safety first. Drawer stops and full-length guard rails on our bunk beds are just two ways we want to promote safety, along with our reliable construction and quality testing.

### STORAGE SOLUTIONS

Our bedroom furniture not only brings you a comfortable place to sleep, but a variety of storage solutions for your belongings. Whether your carefully stowing away your jewelry in our felt-lined top drawers, or packing away your winter clothes in our under the bed storage drawers, there is a place for everything. Bookcase headboards or pull-down consoles are also available in select collections for added convenience.
